

SENATE TO INVESTIGATE ILLEGAL RAILROAD STRIKE

ENTENTE MUST DETERMINE ITS NEW OBLIGATION

France Will Ask How Far Allies Will Go With Her.

BULLETIN.

By Associated Press Leased Wire
London, April 9.—Paul Cambon, the French ambassador has formally given such explanations to Lord Curzon, the foreign minister regarding the policy to be pursued by France in connection with the German situation as to lead to the expectation that matters will be speedily smoothed out between France and Great Britain, the diplomatic correspondent of the Evening Standard states today.

BULLETIN.

By Associated Press Leased Wire
Berlin, April 9.—The German government has forwarded to Dr. Von Beyer, German charge d'affaires at Paris an emphatic note declaring that Germany will hold France responsible for all damages and casualties growing out of the occupation of the cities in Hesse which French troops have entered.

BULLETIN.

By Associated Press Leased Wire
London, April 9.—Italy's attitude respecting the French occupation of Frankfurt concurs fully with that expressed in behalf of Great Britain in the statement issued last evening, Vittorio Scialoja the Italian foreign minister stated today.

By Associated Press Leased Wire
Paris, April 9.—The British attitude regarding the French occupation of Frankfurt will cause the opening of a diplomatic conversation between the powers of the entente concerning the whole subject of action with regard to Germany, it was said today in official circles.

In this conversation the French attitude will be based first on maintenance of the entente and second on strict execution of the treaty of Versailles.

The French, although declaring themselves not satisfied with some of the terms of the treaty accepted it as finally signed and, now consider it a sort of charter as regards relations with Germany. Great Britain, it is thought here, considers it rather as a sort of elastic basis of settlement of European affairs which is capable of divers modifications.

To Seek Conciliation

Conciliation of these viewpoints will be the object of the ensuing conversations.

It is recalled that articles 42, 43 and 44 of the Versailles treaty defined actions by Germany which might be regarded as calculated to disturb the peace of the world and it is pointed out that such action by Germany was accomplished when the reichswehr penetrated the Ruhr district. In provision for such violation of the treaty by Germany, Great Britain and the United States through their representatives in Paris, is noted, agreed in separate treaties to support France against the German menace but those treaties, it is recalled in official circles, are thus far a dead letter. France, it is declared here, is thus left alone facing Germany, which is attacking one after another the clauses of the treaty.

The opinion is expressed in official circles that while maintenance of the entente is the first point on which future conversations must be based, there appears to be a need of readjustment of the relations of the entente powers. The original understandings have been to ward off the menace of aggression by Germany, it was continued during the war with the view of winning the war but was never adjusted to after-war conditions which, it is asserted here, require a more comprehensive accord.

FRENCH CABINET MEETS

By Associated Press Leased Wire
Paris, April 9.—A meeting of the French cabinet was held this morning and another meeting was set for this evening.

Premier Millerand informed the cabinet with regard to the situation in Germany. He likewise made it acquainted with a verbal communication which had been received from Great Britain on the subject of the French occupation of Frankfurt, an official notification of the British position not having yet arrived in Paris.

GERMAN TROOPS WITHDRAWN

By Associated Press Leased Wire
Berlin, March 9.—The German regular troops which had crossed the river Ruhr were withdrawn yesterday to the northern bank of that stream, it is announced here. (The Ruhr passes just to the south of Essen in the northern central part of the industrial district.)

The burgomasters of the cities of Barmen and Elberfeld, it is stated, requested the minister of defense not to allow troops to enter those towns.

MRS. A. C. DOLLMMEYER SUMMONED HOME AT MIDNIGHT THURSDAY

Suffering of Beloved Dixon Woman Relieved By Death.

Mrs. Albert C. Dollmeyer passed away last night at 11:45 o'clock at the family home, 511 North Hennepin avenue, death resulting from an illness of many weeks duration.

Myrtle I. Mitchell, daughter of L. W. and Augusta G. Mitchell, was born July 22, 1870, in Jones county, Iowa, and died in Dixon, April 8, 1920. In March, 1871, her parents returned to Palmyra, Lee county, Ill., where she lived 25 years. She fully enjoyed the farm, flowers, animal life, music and literature. She knew and loved the people of the community, and they in return, entertained a high regard for her.

After finishing the rural school course, she attended the Dixon college two years. Among her instructors were Dr. Scott, and Professor L. B. Neighbour and W. F. Strong. Under the supervision of the latter she graduated in music.

She was married to Albert C. Dollmeyer, Feb. 24, 1897. In February of the same year they moved into the home which they had built in Dixon, where they continued to live until her death. To this union were born, Geraldine and Mitchell Dollmeyer, who together with their father and grandparents survive her. She was a very active and devoted member of the St. Luke's Episcopal church. As long as her health permitted she was tireless in her efforts for its welfare and advancement. She was a member of the Women's Relief Corps and was ever ready and anxious to do her full duty patriotically. She will long be remembered as an ardent worker for the encouragement and comfort of the World's War soldiers.

She was ever ready to help those in need; and when her great need came, it seemed that every one was anxious to give her comfort and assistance. But alas, for human sympathy and help! Love, prayers, courage, science and medical skill were all of no avail.

She will be buried in Palmyra cemetery on a slight eminence that overlooks the nearby hills, fields, woods, school house and play grounds, where she spent the happy days of her childhood and youth. It seems strange that the fading flowers should speak of undying regards. And yet, they surely do. The beauty and fragrance of flowers have already mute-spoken the loving messages of her friends. Their loving messages were fully understood and have gladdened her faltering heart. Friends will please send no more flowers.

The funeral will be conducted from the late residence, 511 North Hennepin avenue at 2:30 Sunday afternoon, Rev. H. M. Babin officiating. Interment will be in the Palmyra cemetery.

Figure Suffrage is Nearing a Victory

By Associated Press Leased Wire
Washington, April 9.—Declaration of the North Carolina Democratic state convention yesterday in favor of ratification of the woman suffrage amendment means "it is all over but the shouting," Secretary Daniels said in a telegram sent today to Mrs. Carrie Chapman Catt, president of the National Woman Suffrage association.

"The North Carolina legislature, shortly to be called in special session, is certain to ratify," the secretary said, "thus giving us the 36 states necessary."

Funeral This Morn for Colony Patient

Services over the body of Oscar Harn, who died Wednesday at the Dixon state hospital, were held at the Staples, Moyer & Schumm chapel this morning at 10 o'clock, Rev. E. C. Lumsden officiating. Interment was made in Oakwood.

John and Damer Harn, father and brother of the deceased, arrived in Dixon yesterday afternoon from their home in Bushnell, Ill., and viewed the body. They returned home last evening.

Attorney H. B. Kauffman, of Oregon, was a Dixon visitor Thursday.

LEVEE BREAKS ON EAST SIDE OF MISSISSIPPI

\$250,000 Damage Results in Illinois Near Muscatine.

By Associated Press Leased Wire
Muscatine, Ia., April 9.—The breaking of the Illinois levee at a point a mile above the high bridge which spans the Mississippi river at this point, had flooded 7,000 acres of ground at 10 o'clock this morning and the overflow of fully 40,000 additional acres lying below the district first effected cannot be averted.

The flood will create a lake 2 miles wide and 20 miles in length.

At 7 a. m. today the break had been widened at 300 feet. The several hundred families residing the district lying behind the levee, which had been threatened for days had moved out, averting any loss of life. The loss to farmers and land owners will approximate a quarter of a million dollars.

The Illinois break, it is believed will save South Muscatine from threatened inundation by back water from the island levee collapse of two days ago, as the new outlet for the flood waters will reduce the rise of another foot predicted by the government bureau.

BRITISH STAND CALLED BITTER PILL BY FRANCE

Lloyd George is Called "Demagogue" By Political Writer.

By Associated Press Leased Wire
Paris, April 9.—Great Britain's attitude relative to the advance of French troops into German territory east of the Rhine as defined in London dispatches, is viewed by newspapers here as a bitter pill for France and it is considered the action of Belgium supporting the policy of France hardly compensates for it.

"Pertinax," the political editor of the Echo De Paris, writes an unusually savage article attacking Premier Lloyd George, whom he calls a "demagogue." He says in conclusion: "Mr. Lloyd George never has for given the policy adopted by France since January of being independent within the entente. He has bided his time and he thinks it is now come. We count on the clear sightedness of our friends across the channel and the deep friends we have found with them to bring the chief of the Downing street cabinet back into an interpretation of the Anglo-French alliance from which he should never have departed. He has taken up and dropped every doctrine and could the doctrine cordial escape under this rule? The English people well know how to force him to make an exception in this case."

THREE G. O. P. DELEGATES.

Three delegates to the national republican convention to be held in Chicago have filed from this district. C. W. McCall of Morrison, clerk of Whiteside county; J. S. Lamont of Apple River and Attorney Harlan B. Kauffman have filed. Howard Johnson of this city has signified his intention of being selected as an alternate, his name to be written in on the ballots under the delegate's name. Alternates to the convention have not filed their intentions and will be selected by having their names written in.

CHICAGO LOSES APPEAL.

By Associated Press Leased Wire
Springfield, Ill., April 9.—The Illinois supreme court today denied the application of attorneys for the city of Chicago for a rehearing on the case in which the court upheld the seven-cent surface line fare granted by the public utilities commission.

REP. KITCHIN STRICKEN.

By Associated Press Leased Wire
Washington, April 9.—Representative Kitchin of North Carolina, democratic leader in the last congress, suffered a slight stroke of paralysis on the right side today soon after delivering a speech in the house opposing the republican peace resolution.

POPULATION

By Associated Press Leased Wire
Washington, April 9.—Population statistics announced by the census bureau today included:

Portland, Me., 69,196, increase 10,625 or 18.1 per cent.

Biddeford, Me., 18,000, 929 or 5.4 per cent.

Quincy, Mass., 47,611, 14,969 or 45.9 per cent.

Lancaster, O., 14,706, increase 1613, or 12.3 per cent.

JAMES R. KELLY TO SEEK OFFICE OF PROSECUTOR

Attorney James R. Kelly of Amboy today announced he will be a candidate for the republican nomination for the office of State's Attorney of Lee county to succeed Harry Edwards, who will retire from that office at the expiration of his present term of office this fall. Mr. Kelly has been a successful lawyer and is well known in Dixon and throughout the county; his many friends considering him well qualified to perform the duties of State's Attorney.

The young man has been a resident of Lee county since 1898 excepting for about one year when he was away pursuing his legal studies. He received his education in the schools of Lee county; was a student of Dixon College for several years; received business training at Coppins' Commercial College of this city; and is a graduate of the Northern Illinois College of Law of Dixon.

He was admitted to the bar of this state in July, 1915, and located in Amboy in October of that year, where he was elected City Attorney in the spring of 1917. He held this office until he centered the army in May, 1918 at which time he resigned as City Attorney. While in the military service he was connected with infantry units and spent ten months with the American Expeditionary Forces in France, returning to the United States in June 1919. He re-established himself in the practice of law at Amboy. Before entering the service he was prominent in the Lee county work in war activities.

Y. M. C. A. Musicale Pleased Audience

A fair-sized audience, not nearly as large as the merit of the entertainment warranted, attended the musicale given at the Presbyterian church last evening under the auspices of the Boys' Department of the Y. M. C. A., but those who patronized the event were rewarded with one of the most artistic and thoroughly enjoyable affairs of the season. Every number of the varied program presented by Miss Bernice Schalkner, Chicago contralto; Sigfrid Sandeen, Rockford, tenor, and Miss Elizabeth Raymond, Dixon pianiste, showed the skill and training of the performers and hearty applause which followed each testified to the pleasure with which the auditors received their performances.

School Book Price Schedules Stand

By Associated Press Leased Wire
Springfield, Ill., April 9.—A rehearing upon its decision not to grant school book publishers a writ of mandamus to compel state superintendent of public instruction, Francis G. Blair, to publish a new schedule of text book prices was denied by the Illinois supreme court today. Supt. Blair refused the request of the firm of Gustav A. Albrecht and John H. Stehman for a new schedule of prices, the superintendent contending that under the state law the schedule of prices fixed in 1917 can not be revised for five years.

Judge Irwin to Preside.

Judge C. F. Irwin of Elgin, of the sixteenth judicial district, will preside at the opening of the April term of circuit court in this city Monday, April 12. Word to this effect was received by Circuit Clerk E. S. Rosecrans this morning in a letter from Judge Irwin. Judge Adam Cliffe will preside at the closing weeks of the term, but will be unable to be present at the first week.

MORE STRIKERS DESERT RANKS: OUTLOOK GOOD

Brotherhood Chiefs Are Encouraged Today.

BULLETIN.

By Associated Press Leased Wire
Washington, April 9.—An investigation of the unauthorized strike of switchmen and other railroad employees was ordered today by the senate.

Without a record vote the senate adopted Senator McCormick's resolution directing the Interstate Commerce Commission to inquire "respecting any existing strike of any interstate railroad employees not conducted or authorized by any recognized organizations of railroad employees" and submit a report to the senate. A favorable report on the resolution was made today by the senate expenditures committee.

Supporting his resolution, Senator McCormick said the country was "confronted by a very grave situation brought about by the failure of the President to appoint the federal railroad board" authorized under provisions of the railroad act. What is needed now, he said, in default of the appointment of the board is to bring the facts before the public and mobilize public opinion. "There is no other way to force the men back to work," he said.

BULLETIN.

By Associated Press Leased Wire
Washington, April 9.—President Wilson is understood to have decided upon the personnel of the railroad labor board and White House officials said the nominations probably will be sent today to the senate.

The President spent more than an hour today on the south portico of the White House. Rear Admiral Grayson, his physician, said Mr. Wilson had not had time for automobile rides recently because of the press of public affairs.

Chicago, April 9.—Striking switchmen who have been on strike here for nine days began returning to work this morning.

Brotherhood officials, who have been fighting the "illegal" walkout of their men do not claim that the strike is broken, but were much encouraged by reports from several roads that the men, in small groups were reporting for work.

The Chicago Junction Railway, the belt line connecting the stock yards and packing plants with the trunk lines, was one of the first to report. Eleven engine crews were at work this morning, the report said, as compared to three yesterday.

Yards Badly Congested.

While the switching and freight situation showed improvement, the congestion in the yards grew so great that seven of the eight railroads entering the Dearborn street station are unable to run passenger trains down town. They are discharging passengers at public stations to complete the trip on elevated or surface cars.

Only the Santa Fe was running into the station this morning. The other roads which normally use that depot are the Monon, Erie, Grand Trunk, Chicago & Eastern Illinois, Wabash, Chesapeake & Ohio and Chicago & Western Indiana.

Cities which had reported this morning estimated a total of 25,437 railroad men to be idle. To this number must be added hundreds of thousands of men and women forced out of employment, indirectly by the railroad walkout.

Factories Closing Down.

Factories in many cities are closing down because of lack of coal or raw materials. In Chicago 50,000 packing house workers are idle. Many railroad men who have no part in the strike have likewise been locked out because of the tieup in the freight yards.

Yardmen in Cleveland, Hornell, N. Y., and Denver, Colo., are to vote today on the strike question. In several cities where meetings were held yesterday the men voted to stick to the old brotherhoods and have nothing to do with the "outlaw" organizations behind the present walkout.

In Kansas, Governor Allen has invoked the new industrial court law against the strikers in the Rosedale yards at Kansas City.

"Tired Of Promises." John Grunau, president of the insurgent union, the Chicago Yardmasters' association declared today that the question of wages and hours had become of secondary importance and that the real fight was for supremacy over the old brotherhoods.

"We railroad men are tired of receiving nothing but promises from our leaders," he said. "We demand results."

"Brotherhood officials spend their time riding around in automobiles, hobnobbing with politicians in Washington and drawing good salaries."

HOWAT TO JAIL

By Associated Press Leased Wire
Pittsburg, Kas., April 9.—Alexander Howat, president of the Kansas coal miners, was sentenced to jail for contempt of court by Judge Andrew J. Curran of the Crawford county district court this morning.

The judge sentenced Howat and three associate union officials to the county jail until such time as they will testify before the Kansas court of industrial relations.

Under the order of Judge Curran, Howat and the other officials will be taken to the county jail at Girard immediately.

Four mines of the district were idle this morning on account of the Howat hearing, it was announced at the headquarters of the operators.

Howat was found guilty of contempt for refusing to obey an order of Judge Curran issued Tuesday that he appear with four other officers of the United Mine Workers of America, of the Kansas district, and testify in the investigation of the coal mining industry now being conducted by the Kansas court of industrial relations here. In addition to Howat, Judge Curran also found August Dorchy, vice president; Thomas Harvey, secretary and treasurer; and Robert Foster, district auditor, guilty and gave them the same sentence he gave Howat.

Howat shortly after he reached his office made this statement:

"Our position is unchanged. We stand where we stood. We refuse to testify before this court because we do not recognize the court. It is an institution founded to enslave the workingman."

The men won't stand for any more of that stuff. The way they are joining the new union shows they are determined to get some officials in Washington who see the workers get their demands."

Northeastern Rail Center Feels Strike

By Associated Press Leased Wire
New York, April 8.—The northeastern section of the United States was caught today in the backwash of the wave of unauthorized railroad strikes emanating from Chicago.

Although there had been ripples of trouble in Buffalo, Syracuse, Binghamton and other towns in New York state in the last few days, the strike descended upon New Jersey railroad terminals near the city yesterday without the slightest warning. Thousands of commuters homeward bound were caught in the rush, as switchmen in the Jersey City yards quit and walkouts occurred in rapid succession on the lines of the Erie, Pennsylvania Lackawanna and West Shore railroads. Sporadic walkouts also occurred in the yards of the Lehigh Valley and Central New Jersey railroads but the men on these lines later returned to their posts.

While more than 2000 men were said to be involved in this vicinity alone, railroad officials professed to be optimistic and declared freight and train service would be maintained.

New York City Faces Food Shortage

By Associated Press Leased Wire

New York, April 9.—New York City, affected by strikes of railroad marine workers, switchmen and freight yard employees is threatened with a serious food shortage, said J. J. Mantell, head of the Railroad Managers' Organization. He added that during the night "65 carloads of milk were moved into the city to protect the infants" and railroad officials now are manning engines and switches in the Erie, West Shore and Pennsylvania yards.

"The yard switchmen, conductors and brakemen in the freight terminals on the Jersey Shore are all out," said Mr. Mantell.

Absences were reported today in the Harlem yards of the New York, New Haven and Hartford. Railroad officials, however, declared these gaps were not affecting operations. Vacancies also were reported in New York Central yards.

Other Employees to Press Demands

By Associated Press Leased Wire

Chicago, April 9.—Wage demands of five groups of railroad employees numbering 950,000 will be pushed immediately as the result of the spread of unauthorized strikes of switchmen and engineers, G. A. Worrell, general chairman of the railway clerks organization of the Chicago & Northwestern system said today.

Railway clerks, telegraphers, signal men, maintenance of way employees and stationary firemen and others, the groups involved, will present demands to every railroad in the United States within a week, Worrell said.

Wage increases of 20 cents an hour and restitution of the pre-war differential wage scale will be demanded and 15 days of grace granted for compliance of the companies, he said.

NORMAL AT CLEVELAND

By Associated Press Leased Wire
Cleveland, April 9.—Normal conditions prevailed in all Cleveland railroad terminals this morning and all employees reported for work following the failure of efforts last night of dissatisfied switchmen, firemen and brakemen to drag Cleveland yardmen

REBEL STRIKER BRAGGED OVER LAWLESS WORK

Advocates Violence in Present Railroad Strike Crisis.

By Associated Press Leased Wire

Chicago, April 9.—One switchman was shot and several slugged at meetings of the striking railroad men last night, policemen learned today.

John Krintz, a striker, who proposed that the men return to work was shot, it was reported. He was spirited away in an automobile by friends.

Trouble broke out at two meetings of the newly formed Chicago Yardmen's association when members suggested a return to the ranks of the established brotherhoods.

Proud of Being "Rebel."

Sabotage and violence was advocated by one of the speakers, E. C. Esty, a C. Y. A. organizer, who participated in the Gary steel strike and several labor disturbances here. "They call me a Red," Esty told the strikers. "I'm proud to be a rebel. In 1910 I had charge of a railroad strike in the Twin Cities—Minneapolis and St. Paul. The men all went out and stayed out."

"I went down to the I. W. W. headquarters and got some help. Then one day four passenger trains were wrecked. The next day seven freight trains were wrecked. Then we sent word to the railroads that if they didn't come across we'd tear down the roundhouse. They didn't answer—we did! The round house was torn down."

"Blow Up a Bridge."

"Then the railroads begged for mercy, and asked to meet us. We told them to come to us. There was a meeting. The union drew up a contract and the railroad refused it. The next day we blew up a bridge. That night an ice jam formed in the river and tore down the rest of the bridge, so they don't know to this day who did the job. But we won the strike. "I did ninety days in jail for blocking the mails. I got off light because I told the judge I didn't know the law. But of course I knew it then as well as I do now," Esty concluded.

into the strike of railroad yard employees which is sweeping the country.

MORE CAPITAL MEN OUT.

By Associated Press Leased Wire
Springfield, Ill., April 9.—Yardmen of the Chicago & Alton railroad joined the striking Baltimore & Ohio yardmen here this morning. Yard crews of other railroads entering the city at a meeting last night voted to strike today in sympathy with the Chicago strikers. They were at work this morning but it was expected they would quit during the day.

TOWER MEN RETURN.

By Associated Press Leased Wire
Buffalo, N. Y., April 9.—Tower men who went out with the striking members of the newly organized yardmen's association of the United States and Canada yesterday were the first to return to work. It was said, at railroad offices here today. Virtually a complete force of signal men was on duty and a few desertions were reported among other workers.

Passenger, express and mail service continued without serious delay and freight traffic moved at a rate of 35 to 50 per cent of normal.

OUT AT YOUNGSTOWN.

By Associated Press Leased Wire
Youngstown, O., April 9.—Unauthorized strikes of railway employees will tie up yards of five railroads in the Mahoning valley district by 3 o'clock this afternoon, railroad officials said today, affecting 2,500 to 3,000 railroad men. Steel mill officials said that 24 hours of the strike would close the mills, throwing 35,000 men out of employment.

QUIT AT SEDALIA, MO.

By Associated Press Leased Wire
Sedalia, Mo., April 9.—Switchmen and freight brakemen on the Missouri Pacific railroad here walked out today. Railroad officials reported 50 men were idle.

Cunningham Girl May Be in Clinton

Chief Van Bibber late last evening was successful in securing information as to the possible whereabouts of Miss Beatrice Cunningham, 17-year-old girl who disappeared from Dixon about two weeks ago, and whose parents have requested the police to assist in locating. The police last evening were informed that the young lady had gone to Clinton, Iowa, and was thought to be working there. Chief Van Bibber notified the father of the young lady and he went to Clinton last evening to try and locate his daughter by the assistance of the Clinton police.

Corn Price Going Up Result of Strike

Chicago, April 9.—Corn advanced in price today largely as a result of the continued spread of the railway strike. Renewed attention was also given to the bullish showing of the government report in regard to the winter wheat crop. Besides, gossip that a month or more might elapse before indictments if any would result from the federal investigation of the suspected corner in corn tended further to strengthen the market. Opening prices which varied from 1/4 cent decline to 1/4 cent advance, with May 1.63 1/4 to 1.64 and July 1.57 to 1.57 1/2, were followed by material gains all around.

Oats showed relatively greater strength than corn. A house with seaboard and Winnipeg connections led the buying. After opening 1/4 cent lower to 1/4 cent advance including July at 83 1/2 to 83 3/4 the market scored a decided uptick.

Provisions averaged lower. Absence of any aggressive support was a feature.

Indications of a big export demand for wheat and rye led subsequently to additional upturns in the corn market and so too did the fact that oats were commanding the highest prices yet this season. The close was strong 1 1/4 to 2 1/2 net higher with May 1.66 1/2 to 1.67 and July 1.60 1/2 to 1.60 3/4.

FRANCE TO ENQUIRE STAND OF ENTENTE

(Continue from Page 1.)

Great excitement prevails in Dusseldorf in view of the threatened entry of the regulars.

The majority Socialist newspaper Vorwaerts has advised from Dusseldorf which declares that a general strike is impending in which all parties will unite.

ATTACK WAS MISHAP

By Associated Press Leased Wire

Frankfort, April 9.—Asserting there was no intention to fire a machine gun into crowd here Wednesday and that the incident was really a mishap made by a French officer who witnessed it. Fear on the part of a French soldier that the crowd intended to rush the patrol in the street led to the tragedy.

This man, it is declared, put a belt of cartridges into the gun for the purpose of firing one shot to disperse the crowd. The explosion of the gun, however, caused the soldier in charge of it to lose his head and the whole belt was fired. It was explained by the officer that every care had been taken to prevent a repetition of the "accident."

Two new French proclamations appeared here today one denying yesterday's rumor that the troops would be withdrawn and the other forbidding the people to jeer and agitate troops and urged the citizens to obey all French military orders.

Blame for Wednesday's tragedy is placed on German students by the French, who declare they tried to stir up the people.

Rain Helps Police

A steady rain falling this morning which kept the populace off the streets, was hailed with delight by the French military authorities. They expressed relief that the night had passed quietly. No further disturbances were reported anywhere in the occupied region and the tension which resulted from the Schillerplatz incident had markedly relaxed.

An additional division of French troops was being brought into the Frankfurt district today but General De Metz, the commanding officer here, informed the Associated Press that there would be no further extension of the occupied zone at this time.

A proclamation was posted by the French military authorities promising a searching and thorough investigation of yesterday's tragedy.

The number of fatalities from the Schillerplatz shooting has reached a total of seven. Two persons were killed outright and others later died of their wounds.

Former Dixonite Died in New York

Aloise W. Dogweiler, residing on Fourth avenue in Swissville, late yesterday afternoon, received a telegram informing him of the death of his uncle, Ben Haueter, a former well known resident of Dixon. The deceased was one of the first of a colony of Swiss people to come to this city at the time of the opening of the Anglo-Swiss condensory here, entering their employ in 1889.

He made his home in Dixon for several years, during which time he resided in Swissville and won a wide circle of friends. Some years ago, he went east and entered the employ of the Borden company at one of its plants at Norwich, N. Y. He remained in the employ of this company up to a short time ago, when he was stricken with the illness which resulted in his death. His wife preceded him in death two years ago. Interment will be made in Norwich.

Complaint Against I. N. U. is Dismissed

(Special to the Telegraph)

Springfield, Ill., April 9.—The state Public Utilities Commission issued an order today dismissing the complaint of the Edwards Light & Power Co., of Mathersville that the Illinois Northern Utilities Co. of Dixon was invading its territory; and at the same time granted the Dixon company a certificate of convenience and necessity to construct and operate an electric transmission line connecting its Milan-Viola line with the plants of the Hydraulic Pressed Brick Co., the Alden Coal Co. and the Coal Valley Mining Co. near Mathersville.

Society

Community Sunday School Meeting

The Dixon Community school will hold a meeting on Monday evening at the Baptist church, the meeting to open with a scramble supper at 6:15 o'clock. A short business session with election of officers for the coming year will follow the supper. A quartette, composed of Mrs. Kittie Ballou, Mrs. Lee Read, Clinton Fahrney, and Elmer Rice, will sing preceding a round table discussion of local Sunday school problems. Some of the questions to be discussed are:

"In the adult class which method is for the best interest of the scholar, the discussion or lecture method?" Discussion led by H. A. Ahrens, followed by adult Sunday school teachers.

"Some of the problems and needs of the Primary Department." Discussion leader, Miss Rilla Webster, followed by the superintendent of the primary department.

Solo, Mrs. Kittie Ballou. "The Sunday School Superintendents' Problems, My Solution." Discussion led by Dr. W. C. McWethy, followed by superintendents of the Dixon Sunday schools.

Further discussion, dependent upon the time remaining, may follow these suggestions:

"Why is it difficult to hold young men in our Sunday school? What is the remedy?"

"It is for the best interest of the class and Sunday school for the same teacher to teach from year to year?"

"Some plans that have worked to increase Sunday school attendance."

"My idea of the kind of music needed and its importance in the opening and closing exercises."

"The supreme need of the average Sunday school teacher."

Every Sunday school officer and teacher, their husbands, wives, and friends should be present, if possible.

VISITED GRANDMOTHER—

Edward Ryan, of the Illinois Dental school, Chicago, and Miss Esther Powers, of Racine, spent Easter Sunday with their grandmother, Mrs. Sarah Davlin, of this city.

TO MCCORMACK CONCERT—

Others who attend the McCormack concert in Clinton, Iowa, this evening are Mrs. J. A. Forrest, Mrs. F. J. Rosbrook and Mrs. G. D. Masten.

VISITED PARENTS—

Miss Ruth Larkin has returned to Dixon after a three weeks' visit at the home of her parents, Mr. and Mrs. Peter Larkin, of Harmon.

TO MASON CITY—

Miss Clara Armstrong left last evening for Mason City, Ill., to resume her teaching after spending the Easter vacation with her parents, Mr. and Mrs. A. P. Armstrong.

RETURNED TO OHIO—

Mrs. Lance, who has been spending the past year with her daughter, Mrs. Charles Self, left Wednesday evening for her home in Chillicothe, Ohio.

M. E. AID SECTION 5—

Section No. 5 of the Methodist Aid society held their meeting this afternoon at 2:30 o'clock with Mrs. Jacobson, 209 North Galena avenue.

ST. JAMES' AID—

The St. James' Aid society held its meeting on Wednesday at the home of Mrs. Harry Patterson, with seven members and five guests present. The meeting opened with scripture reading and prayer. A short business session followed. It was decided to hold a home baking sale on April 17th. Enjoyable refreshments were served at the close of the program.

W. R. C. MEETING—

The Woman's Relief Corps will have its regular meeting on Monday afternoon at 2:30 o'clock in G. A. R. hall. There will be initiation of candidates and other business and it is hoped that as many as possible will attend.

Ladies' Aid of German Lutheran church will hold baking sale at Gorneman's Furniture Store Saturday.

IDEAL CLUB LUNCHEON—

A meeting of the Ideal club was held on Wednesday afternoon at the home of Mrs. Lloyd Lewis, with a large number of the members present. The afternoon's program opened with grand opera music on the Victrola. A paper by Mrs. Lewis on her experiences in the South during the absence of her husband, Lt. Lewis, in France proved most entertaining. Mrs. Lewis accompanied her husband from Dixon until he left Houston, Texas, for France, and told of the different camps where he was stationed. Views of Rock Island, the arsenal of New Orleans, of Houston, Texas, of Camp Logan, and of Galveston, Texas, were shown in connection with the talk. Galveston's high sea wall and its wonderful bathing beach were glimpsed. After the program the members were invited to the dining room where a dainty and most attractively appointed luncheon was served. Mrs. Lewis was assisted in the duties of hostess by Mrs. Harry Quick.

ALL DAY AID MEETING—

Section 4 of the Ladies' Aid Society of the Methodist church held an all-day meeting at the home of Mrs. Louis Franks, 905 W. Second street, on Wednesday. A most delicious four-course scramble dinner was served at noon and everyone present thoroughly enjoyed it. All the members were very busy for the remainder of the day in chatting and sewing rag rags. Plans were made for a waffle supper to be held at the church on the evening of April 19th, the affair to be given as a farewell party in honor of Mr. and Mrs. George Newton who are soon to leave to make their home in Freeport. Fourteen members were present at the meeting with Mrs. Franks, three of whom were recent additions to the section. The next meeting, the May meeting will be held with Mrs. C. G. Smith, 722 First st.

ON HONEYMOON TRIP—

Mr. and Mrs. Martin Burde, nee Jessica Pike, of Clinton, Iowa, visited here at the home of Mr. and Mrs. Edward Graves on their honeymoon trip. They are now in North Lake, Wis., visiting Mr. and Mrs. LeRoy Graves. The latter is a sister of Mrs. Burde. The wedding of Miss Pike and Mr. Burde took place in Clinton, Ia., on April 6th.

CLY ALTY CLUB—

The Cly Alty club members were entertained delightfully on Thursday afternoon at the home of Mrs. Earl C. Kennedy. Mrs. Kennedy had as additional guests, Mrs. R. E. Kennedy, Mrs. Vandenberg, and Mrs. Meinsma. A very attractive and dainty luncheon was served.

PEORIA AV. CLUB—

The Peoria Avenue Reading club will hold its Monday afternoon meeting at the home of Mrs. Dement at 2:30 o'clock.

WESTMINSTER GUILD—

The Westminster Guild of the Presbyterian church will hold a meeting on Monday night at the home of Miss Goldie Brierton, with Miss Brierton and Miss Gladys Jones as hostesses.

WOMEN DOLL UP TO CREATE ENVY, NOT TO VAMP, SAYS HELEN

HELEN MAC KELLAR

NEW YORK—Men take each other for what they are and women for what they seem. Hence, declares Helen MacKellar, actress now playing in "The Storm," women spend their money for fine feathers to make other women raise their eyebrows in wonder and envy, rather than to "vamp" men.

The meeting will open at 8 o'clock and in answer to roll call each member is to respond with a scripture text on charity or service.

TO ROCK FALLS—

Mr. and Mrs. J. Sipes and Miss Potter will spend Sunday in Rock Falls as the guest at the J. E. Burdick home.

RETURNED FROM FLORIDA—

Mr. and Mrs. J. E. Traber have returned from Florida, where they spent the winter. They made the trip in their car.

SPENT SUNDAY—

J. S. Woodburn, of Minneapolis, spent Sunday here with his mother, Mrs. C. F. Woodburn, and his sisters, the Misses Woodburn.

through the fine knife of the food chopper the crumbs may be stored in glass jars and kept indefinitely. The convenience of having bread crumbs on hand is twofold. Time is saved in the preparation of a meal and the cook is able to dress up the plainest vegetable into a scallop for an unexpected guest.

However, in grinding bread for crumbs beware of buttered toast. The butter does not store well. Buttered toast crumbs should be used immediately.

Menu for Tomorrow.

BREAKFAST—Halves of grapefruit, bread crumb pancakes, coffee.

LUNCHEON—Baked beans, steamed brown bread, blushing apples with whipped cream, tea.

DINNER—Roast shoulder of pork, sweet potato apples, creamed turnips, orange salad, sponge cake pudding, coffee.

My Own Recipes.

If sugar is scarce and maple syrup at hand, try pouring the syrup over the breakfast grapefruit instead of sugar. It's really very delicious, and while it can't be considered an economy, it's a perfectly good substitute and that means a whole lot sometimes.

BLUSHING APPLES.

4 fair-sized apples.

¾ cup sugar.

¾ cup water.

2 tablespoons cinnamon drops.

2 tablespoons lemon juice.

4 teaspoons honey.

Pare and core apples. Make a syrup of the sugar and water and when boiling put it in the apples. Sprinkle the cinnamon candies over them. Let simmer slowly, basting with the syrup. When about half done add the lemon juice and put a spoonful of honey over each apple.

Cook until the apples are tender. Arrange in individual glasses to serve, filling the place where the core was with syrup. Cool and serve with a bit of whipped and sweetened cream on top of each apple. The syrup will jelly.

SWEET POTATO APPLES.

4 medium-sized sweet potatoes.

1 tablespoon butter.

Salt.

Pepper.

½ cup sugar.

½ cup boiling water.

1 tablespoon lemon juice.

8 cloves.

Wash and cook sweet potatoes. Cook until tender. Remove skins and mash with butter, salt and pepper. Cool. Form into balls and stick a clove in opposite ends. Melt sugar in an iron spider, add boiling water and lemon juice and cook until a thin syrup. The sugar will lump when the water is added, but the lumps will cook out. Arrange the apples in a baking dish, pour over the syrup and bake in a slow oven until the syrup is

Our Candidate for President
FRANK O. LOWDEN
Illinois presidential primaries Tuesday,
April 13.

GIVE LOWDEN YOUR VOTE

As a loyal citizen of Illinois and America,
you can do your nation a great service on
next Tuesday by casting your ballot at the
presidential primaries for Frank O. Lowden.
Every republican should feel it his duty to
himself and his nation to go to the polls and
help swell the vote for Illinois' candidate.

The funds being spent for General Leon-
ard Wood in his fight for the republican nom-
ination have created a strong machine and
there will be a bitter contest in this state for
the presidential primary vote. We of Lee
County are in duty bound to give every sup-
port to the candidacy of our illustrious neigh-
bor from Ogle County and your vote at Tues-
day's election may aid in putting him in the
White House.

Women as well as men vote at Tuesday's
election. Let us help to give America a safe,
sane, business-like administration along pro-
gressive lines.

BETTER ROADS

On the heels of the era of motor cars comes
the era of good roads to give speedier and
more pleasant wings to the rubber tire. How
many millions are going into good roads in
the United States this year is only conjecture.
But that before very long the country will be
gridironed with them, is certain. Brick, con-
crete and asphalt are the favorite materials.
Though a good macadam road or a well-
kept gravel one is fine, too.

And why is the road, nicely-rounded, and
built up of stone almost of a size, called a
macadam one?

Well that kind of a thoroughfare has been
known for something like 150 years. It se-
cured its name from Loudon Macadam, who
went to England from this country along
about 1873. In England he perfected the sys-
tem which bears his name, which he had ob-
served already in principle in Pennsylvania.
His arrival in England was just about the
time much road building was being done in
Scotland. He studied these, and later when
he became road surveyor in Bristol, in 1816,
he was able to put his ideas in practice. They
were sound, and they lasted.

TOO MUCH GOLD

Maybe the furnace ashes or the automo-
bile's old tires and the family rubbers will be
run through some coffee grinder "hickey-
bob" next century and gold drop down in the
hopper. Maybe science will find a way to
make gold nuggets from scrap iron or chew-
ing gum tinfoil.

But there's an insect in the unguent.

With gold makers as common as vacuum
cleaners—what's the use? The more gold the
less value.

Stick to the old-fashioned way.

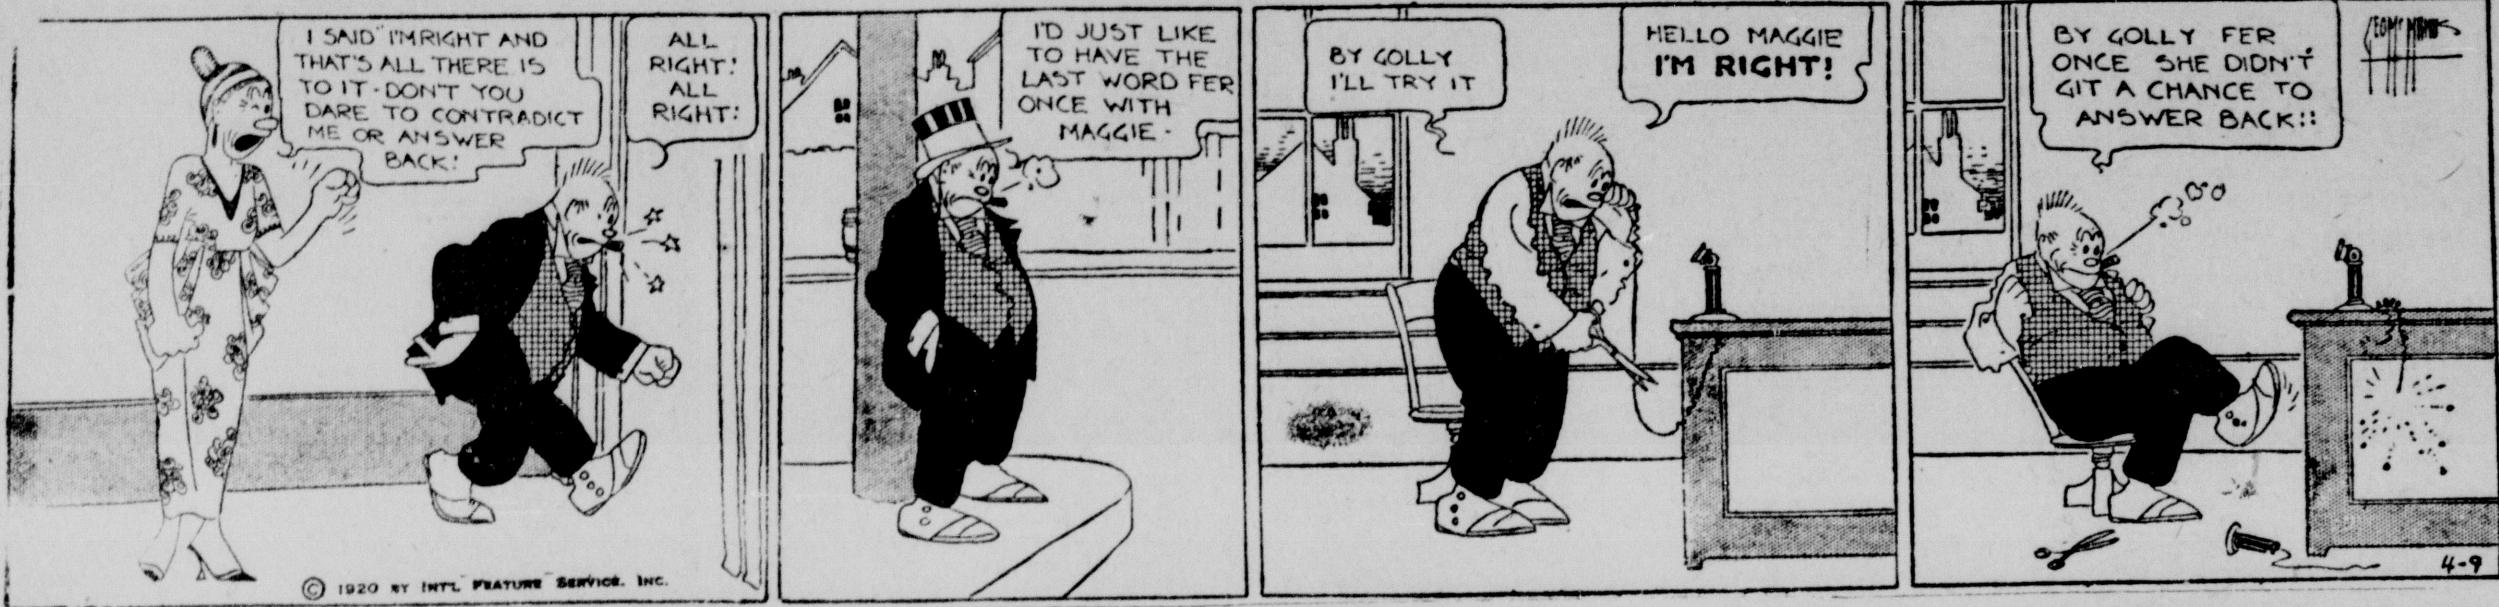

It's a lot more fun to come home on a Sat-
urday night and say: "Minnie, our depart-
ment broke the record making kids' shoes,
or can openers, this week and there's \$20
extra in the envelope tonight," than it would
be to walk in and have the wife say: "Bob,
something went wrong with the Easy Lucre
Extractor this morning and I've only got two
million dollars in the bins. Run down and
see if you can get credit for a loaf of bread."

AMBITION SLAIN

Beaufort L'Arthur is a little French town
in which ambition is dead. There is no goal
to strive for, nothing to work for. It is a town
in which private initiative has ceased to ex-
ist. Go to Beaufort L'Arthur to live—if you
wish to live a living death. But if you prefer
a community where humans strive, where
they forge ahead, where they go from good

things to better, where progress is the pro-
gram—then don't go to Beaufort L'Arthur.
Years and years ago Alcide Benistan,
wealthy, bequeathed all his great fortune to
Beaufort L'Arthur. Benefactor? No!

At that time Beaufort L'Arthur was a
thriving village, where many owned their
homes and places of business, their small
farms, and young men looked ahead to larg-
er and better farms, bigger businesses and
finer homes.

But that fortune killed all this for Beau-
fort L'Arthur.

For there was this addition to the bequest:
"Beaufort L'Arthur should undertake to nourish
and sustain all the poor, without distinction of sex, or nation-
ality, who lived within its boundaries."

Within six months the population had
doubled. Beggars, loafers, vagabonds, men
and women, those who wouldn't work if they
could get food and shelter without work,
streamed into Beaufort L'Arthur. The village
had to support them. Gradually and natu-
rally some of the villagers were weaned away
from their habits of work and thrift. The
others—those who would not stay to see their
lives spoiled—went away. And now the
most of Beaufort L'Arthur's population
neither toils nor spins, and the rich and idle
village is dirtier, less progressive, less decent
for human habitation than it was when it was
a poor, hard-working town.

FATHER AND THE BOYS

Up to a certain time every father is an in-
tellectual hero to his son. He can help him
add up the longest strings of figures for the
arithmetic lesson at school. And subtraction
is as easy as pie to him. A wonderful fellow
is dad!

Then one day the boy comes home with a
problem in proportion; or with one that has
to do with decimals, or algebra. By George,
how that boy is growing up! It seems only
yesterday that he was trying to learn the ad-
dition table up to ten.

"Dad," he says, "how do you do this prob-
lem?"

Dad scratches his head. At last he must
step down from the intellectual pedestal on
which the boy had placed him. But he has
always been frank with the boy and he re-
mains so in the crisis.

"It's something I've forgotten," he confess-
es at last.

But deep down he's very proud.
"That boy of mine is some kid," he tells
his friends the next day. "He's beginning to
show me up."

It's a wise father who can remain an intel-
lectual hero in the eyes of his son. But it's a
mighty poor one who cannot remain his son's
moral hero—the boy's exemplar of char-
acter; the kind of father the boy likes to
quote admiringly in after years.

"There was my father. He used to say...."

You may not think your newspaper is
worth much, but believe us, it takes real
money to buy it from the paper mills. This is
not said in a spirit of levity. When they get

price, the harried publisher can't see any-
thing funny about it.

The suffering public has been beaten into
a state of unconsciousness and is no longer
sensible to the pain inflicted by the prof-
iteers.

WHY THEY DIDN'T SEE IT

The Browns (father and daughter) had been doing Italy.
On returning, Brown, relating his adventures, was asked
if they visited Venice in the course of their travels.
"I say, Mary," he asked his daughter, "did we go to
Venice?"
"Why, no, dad, don't you remember? We got to the
station, but there was a flood on, so we didn't get out."

ADVENTURES OF THE TWINS

by Olive Roberts Barton

MR. RUBADUB
Nancy and Nick stood looking around them in open-mouthed wonder at the
things they saw in Scrub-Up Land. But there was so much chattering and
fussing everywhere they hadn't a chance to ask the Magical Mushroom any of
the million questions that popped into their heads. Birds were screeching,
animals were chirping and chattering, and flowers were rushing here and
there only about half finished. And in the midst of it all stood a fairy-man
making dreadful grimaces, and shouting at the top of his lungs for everyone
to keep quiet or he'd never get them ready for spring.
"My goodness!" he scolded. "If you don't behave, it'll be the Fourth of
July before I get the first birds ready, and people will wonder what's wrong

The Mushroom introduced the twins at once

in Fairyland. Now be good, one at a time, please," he commanded and he
waved a scrubbing brush at a porcupine it was, really to show his authority.

Instantly there was another scramble. "Me first, me first!" shrieked the
robin, crowding close.

"No, me first, me first," cried the pussy-willow shoving him out of the
road.

"No, Me! Me! Me!" came a chorus of voices, and the noise started all over
again.

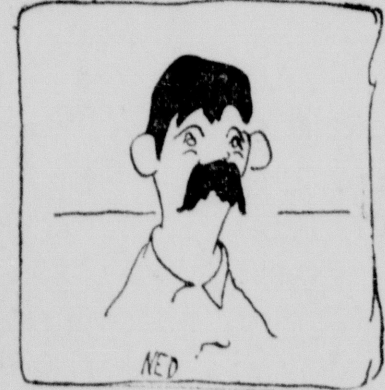

But the fairy-man saw the visitors just then and made his way to them
the best he could, with a hundred and forty-six creatures hanging onto him.

The Mushroom introduced the twins at once. "Mr. Rubadub, this is Nan-
cy and Nick, just arrived by the Green Shoe Express. If you don't mind we'd
like to visit your country for awhile. They're hunting a lost monkey and we
thought he might be here."

The fairy-man's smile faded, but he shook hands cordially. "Sure, help
yourselves," he answered. "Glad you came. Only I advertised for help and I
thought you were it," he sighed.

TREATMENT OF ECZEMA.

The general objects and principles
in local treatment of eczema may be
summarized as follows:

1. Exclusion of all sorts of irrita-
tion of the skin.
2. Relief from itching, burning
and other abnormal sensations.
3. Antiseptic dressing.
4. Reduction of local congestion in
acute eczema, and stimulation of
the circulation in chronic eczema.
5. Repair of the skin in acute
eczema and destruction of the thick-
ened and abnormally modified skin in
chronic eczema.

Eczema is entirely curable, but
there is no certainty regarding the
outcome as regards the duration of an
attack and the probability of relapses
occurring. Acute eczema is more
readily relieved by proper treatment
than are the chronic forms of the dis-
ease.

Eczema of the very young and of
the very old is sometimes particularly
stubborn in the face of treatment. A
person suffering from eczema should
at once consult a reputable physician,
and if the treatment at the hands of
his family physician has not yielded
satisfactory results he should ask the
physician to refer him to some reputa-
ble skin specialist.

Q.—I become car sick very easily. Is
there anything I can do?

A.—Some of these cases are due to
trouble with the eye muscles, or to
some disease of the internal ear. It
is suggested that you consult a com-
petent eye and ear specialist, to see
whether or not your condition cannot
be helped.

Q.—At one time I wore the clothes
of a person who had consumption. I
was nursing my baby at the time.
Will that affect him as he grows up?
He is now 9 years old.

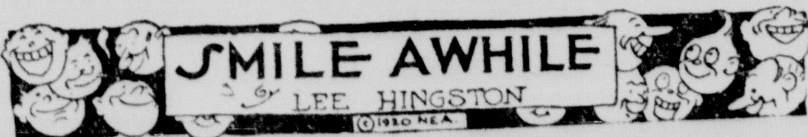

A.—If your baby is healthy now,
you need not worry about the matter;
but if he is weak and ailing, be sure
to take him to a good physician and
find out what is wrong. In any event,
you should see that your boy gets
plenty of fresh air and good food. If
you will send me your name and ad-
dress, I will send you some helpful
pamphlets on tuberculosis.

Q.—When my boy was two months
old he fell out of bed and struck the
back of his head. His little head went
all to one side, but subsequently it
became all right. I did not take him
to a doctor at the time. Will this
have any effect on his brain as he
grows up?

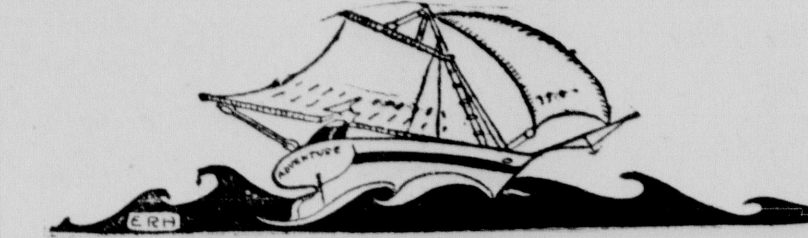

A.—If your boy is apparently nor-
mal now, it is not probable that he
suffered any serious injury from his
fall, and he will probably develop nor-
mally.

SMOKE CAN CONTINUE BUT NOT "FUMES"

DENVER—Here's another perplex-
ing question decided. The W. C. T.
U. will not make war on cigars and
tobacco in this state, according to
Mrs. Adrianna Hungerford, state
president. It will spend its time mak-
ing Colorado safe for prohibition.

In youth we long to roam afar and go where great adventures are, we
have but sneers and scorn for vine-clad cote or village street, or country store
where wise men meet; we'd sail around the Horn. We'd traffic in the golden
East, and make a million bucks at least, we'd bring the bacon in, we'd cut a
swath with either hand on India's well known coral strand, where e'er we
went we'd win. No chances here about us lurk; what is the use to go to work,
or strive with might and vim, while there are gold and precious stones, worth
forty-seven kinds of bones, beyond the sky-line's rim? Thus do we reason,
while the boys, without imagination's joys, are piling up the scads they do the
work that's there to do, nor pause until the work is through, these horny-
handed lads. And when our dream has faded out, we don't know how it came
about, but we are on the rocks, while those who did the nearest thing may
snap their fingers, dance and sing, and wear two dollar socks.

Confessions of a Bride

(Copyright 1920, by The Newspaper Enterprise Association)

"Why should common Mexican revolutionists and half-breed Indian ban-
dits know about a secret trap door in this ancient and honorable establish-
ment?" countered Jordan Spence.

"Such valuable secrets seldom be-
long to any but the masters of mys-
terious places like this. The own-
ers guard them jealously, for their
own protection—sometimes from
their own followers, too. The cell
beneath us, for instance, with its
queer loose stone in the roof, would
make a most desirable hiding place—if the owner of this hacienda were to re-
quire a refuge."

His words relieved my anxiety. Hamilton Certeis would never let his un-
derlings have such valuable information. Probably he relied on Dame Ca-
milla's discretion and devotion to their ancient family pride.

"The bandits will be grouchy about losing us but I fancy they'll think the
devil has us," said Gene Archer. "For that very reason, they'll not try to
find us. Extraordinary—how a Mexican avoids a glimpse of the devil," he
concluded dryly.

Spence nodded his agreement. "Superstitious lot," he asserted. "Since
we've vanished—disappeared in thin air"—his wide gesture included the at-
mosphere of the globe—"of course they'll conclude that the devil had his hand
in it. And they will not tell their superiors! They'll insist that the two
Americans have been shot—and buried in quicklime—according to contract.
Then they'll collect."

"And give the devil his due—in their own minds," laughed Archer. "Why,
there's not a mark on the ceiling down there to suggest that the stone has
ever been swung back from its under side. Of course, when I perceived what
had happened yesterday I just naturally took to studying the thing. That trap
door is a wonder! One of the lost secrets of the ancient masons! Gosh! I'm
glad I'm here! I'm not going to leave until I find out how they grooved and
hinged that little stone, either."

"Oh, la! la!" said myself to myself. "Here I am worrying about a dozen
sentimental matters, including my personal safety, and the conventions, too.
That's feminine, I suppose. And here are these two remarkable men, the doc-
tor absorbed in Chrys' peculiar state, and the engineer determined to remain
in this horrid hole until he solves a lost secret of his profession! I suppose
that is the masculine way!" And I very much admired the man's way. But I
made no comment on it. What I said was:

"Dear me! How I wish I could see the bandits when they find that you
two men have completely disappeared!"

"I only hope you don't hear them," ventured Spence. "Personally, I
think we'd better not trust our impressions that the secret of the door is un-
known to them. I think one of us men would better keep watch while the
rest of this party takes a little nap. Sleep we must have—or we may go mad
before we get out of this," he went on in his professional tone. "And so,
Madame Hostess," with the question he surveyed the four couches aligned
symmetrically on the four sides of the room. "Pussy, pussy, wants a cor-
ner!"

"Your, Sir Puss-in-Boots!" I indicated the divan near him. "Opposite you,
Miss Lorimer." Chrys took her station. "Mine is here!" I threw myself in
a tired heap on another couch.

"And mine is the opposite one," said Gene Spence. "Grand idea of the
owner of this chateau to provide electricity so liberally. He must have ex-
pected to use it himself some day. But who can sleep with all these lights on?"

"Silly to try," said the doctor.

"Out they go, then," rejoined the engineer. "Everybody ready? I'm on
guard, Spence, for the first watch."

With the coming of the dawn, and the silence my thoughts turned to my
husband. I cried myself into a fit of pique. All my courage had oozed away in my
need for the comfort of his presence.

PEOPLE'S COLUMN.

Tobacco and Immorality.

There exists a very intimate rela-
tion between a man's physical habits
and what he is morally. Possibly
there exists a physical cause for ev-
ery immoral act and crime committed.
Crime and immorality are the visible
expression of an abnormal physical
and mental derangement due either to
heredity or bad habits, or both. For
this reason efforts in moral reform
are usually a failure unless accom-
panied by a reformation of the phys-
ical habits. Any substance which ac-
tively injures the tissues also tends
to injure the morals. Alcohol is for

UNCLE SAM WILL BE "OBSERVER" OF RUHR CRISIS

Washington Fails to Recognize Situation as Delicate.

By Associated Press Leased Wire

Washington, April 9. — America's attitude towards any adjustment of the new situation created by the entry of French troops into the Ruhr district of Germany will continue to be more that of an observer than an interested participant, from what can be learned in official circles here. It is known the state department was in communication with London and Italy as well as France up to the time the French army moved forward from the Mayence bridge head, and there has been no indication here of any change in the position taken more than a week ago when the state department announced this government knew no reason why German troops should not be sent into the troubled district if it were clearly understood they would be withdrawn once order was restored.

While recognizing the seriousness of the situation created by the independent action by France, officials here were not inclined to regard it as "delicate" as the British foreign office indicated last night. It was regarded as one of those situations full of potential danger but in which the probabilities of adjustment was predominant.

All reports have indicated Germany's unwillingness to contest the force of French arms, and it was pointed out, there is no reason to assume France will not adhere to her assurances that her forces will be withdrawn once the German troops have fallen back to the eastern boundary of the neutral zone.

Postmaster John Coleman on Monday received a stuffed porcupine fish from his son, Ensign Bryan Coleman, sent from San Diego, Calif. The trophy is a bout the size of a bomb and looks like a pin cushion.

Richard Coley, a son of Mr. and Mrs. J. H. Coley, returned home from St. John's Military Academy, DeKalb, Wis., Sunday evening for his spring vacation.

M. J. Turnbull, superintendent of the Geo. D. Whitcomb Co. has been called to his home in the east by the serious illness of his father.

Mr. and Mrs. C. A. Lang started moving their household goods into their home at Sixth avenue and Sixth street Monday.

Miss Nellie Smith spent Easter Sunday and the week end at her home in Sterling.

Miss Ethlyn Spath, an army field clerk at Camp Grant, is enjoying a 15 day furlough at her home in this city the guest of her parents Mr. and Mrs. John Spath. Miss Spath has been employed at the camp for over a year and this is her first vacation.

Mr. and Mrs. John E. Countryman arrived in Rochelle Monday from Florida where they have been spending the winter.

Miss Olive Menz attended a dancing party at Sycamore Tuesday evening.

ABE MARTIN.

Prohibition is only a few months old and already we find it faster than they find it. Some folks live on borrowed time and others on borrowed matches.

The guest of Miss Aleeta Young. There were 72 Sir Knights in uniform in the Easter parade of the Knights Templar at Sycamore Sunday morning. The attendance was much smaller than usual due to the inclement weather conditions. Preparations were made by the Eastern Star and wives of the Knight Templars to serve 400 at the banquet, which followed the church service, but only about 250 were present. Mr. and Mrs. William Waggett of DeKalb, but formerly of Rochelle were among those from DeKalb who attended the ceremonies.

The annual Illinois club dancing party held in the dance hall adjoining the club rooms in the Lazier building Monday evening, proved to be one of the most successful and pleasant social events of the season. Eighty couples danced a program of fifteen dances and there was not a dull moment between the hours of 8:00 p. m. and 1:00 p. m.

The hall was prettily decorated in Easter colors, green, white and drab. The lights were dimmed with paper shades, and the orchestra was seated on an improvised veranda in the northwest part of the hall. Easter lilies peered from May baskets, which adorned the walls. Decorative urns with spring flowers were used in the corners and palms on the veranda. The lettering "Easter Dance Illinois Club, 1920" was used with the club monogram on the east wall.

The club rooms were also tastefully decorated and cosily furnished with davenports, victrola, easy chairs, library table with reading lamp and smokers for the men. Fruit punch and wafers were served between numbers.

In the billiard room the Easter rabbit was exhibited, a cage of thoroughbred Belgian hares loaned by A. M. Zimmerman.

Dahlstrand's orchestra of Belvidere who charmed the crowds at Delavan Lake last summer furnished the music, adding singing numbers for specialties. The pieces: piano, drums, violin and two saxophones made an

ideal combination and the rhythm was perfect.

The selections included one step, fox trots and waltzes: "Wonderful Pal," "Peggy," "Naughty Wait," "Peter Gink," "Zona," "Oh By Gink," "Somebody," "Dardanelle," "A Pretty Girl is Like a Melody," "Pickaninny Blues," "Bow Bow," "Venetian Moon," "Slow and Easy," "Then I'll Stop Lovin'," and "All the Quakers are Shoulder Shakers."

A large number of out of town people were in attendance including: University of Illinois—Helen Cobb, Irene Smith, John C. Craft; Rockford—Ralph Lewis, Ethlyn Spath; University of Chicago—LaVerne Kirby, Oregon—Ruth Banning; Chicago—Helene Stocking, Sammie Beterbenner, Isabel Jacobsen, Eugene Coleman, Harold Clinter, Steward—Miss Kirby; Holcomb—Miss Shreff; DeKalb—Hazel Anderson; Lucile Bolok; Dixon—Mary Keenan.

The committee in charge of the dance included Hale Weeks, Toby Lyons, Leroy Antoine, Lloyd Dicus, Mal-den Barker and Harold Stevens.

A number of the ladies of the younger set will give a leap year dancing party in the Armory Tuesday evening, May 4. Thompson's orchestra of Madison will furnish the music and the event is being looked forward to with unusual favor by "mere man." The committee in charge includes Tollive Weeks, Ethel Lazier, Lou Bain, Gladys Bain.

HELLO!

Americans May Talk to Europe Within Six Months.

BY GODFREY ISAACS,

Managing Director Marconi Co. London, Eng., April 8.—Within six months we may be speaking to New York, Cleveland, Chicago, San Francisco and any of the other towns in the United States.

The time is rapidly approaching when the whole world will, through the medium of wireless, be on instantaneous speaking terms. The prospect is a dazzling one, both from a commercial and social view, and it opens up endless possibilities.

We are going ahead with the construction of the wireless stations, and possibly by next autumn we shall be in position to open the service with the United States.

The working will be quite simple as far as the public is concerned. You will ask for the telephone number you want in any of the American towns. The message will be laid on the wireless and transmitted across the Atlantic, where our stations will transfer it to the American lines. Messages will travel at the rate of 200,000 miles per second; communication will be instantaneous.

We are going to bring every country in the world into telephonic communication with each other—not in an indefinite time, but very soon. The rates will be cheap, possibly about a shilling a minute.

In a year or so we hope to establish telephonic communication with Australia, and London will be able to speak to Melbourne or Sydney as easily as New York. India and Egypt will also come into the service.

Bowling Congress to Close Tonight

By Associated Press Leased Wire

Peoria, Ill., April 9.—The 1920 American Bowling Congress will close here tonight with 32 Peoria team taking the drives on the late shift. Peoria bowlers were also rolling in the individuals and two men events today.

When Peoria's best teams failed to disturb the pacemakers on the last shift last night, present leaders looked to be almost certain 1920 champions. Laidlaw Dearborn Trucks and Hampshire Advocates tied for high honors with 2776.

The awarding of approximately \$43,000 in prize money, and the championship trophies and medals will start tonight, following the appearance of the last teams.

UNDERWENT OPERATION.

Vincent Nolan, 503 Crawford avenue underwent an operation for appendicitis at the Dixon hospital on Wednesday morning. His condition promises a speedy recovery.

OLD CHIEF HELPS NEEDY.

The ancient Indian chief, John Smith, of the Chippewas, 130 to 135 years of age and a resident of Cass Lake, Minnesota, in which state he has lived for 130 years, when told of the helpless, suffering Armenians, responded with a crumpled \$5 bill. "For a hundred and thirty years I have not been hungry or lacked clothing," said Chief Smith. "Take the five dollars for these people. John Smith don't want to see them go hungry." Well known as a friend of the whites

in the days of the Sioux outbreaks, Capt. John Smith is stooped and his eyes are fast failing, and he has to be led about the streets. Henry Brown, formerly of Dixon, is acquainted with the chief.

The work of the missionaries is at last beginning to receive official sanction and they en-

OVER three million smokers—over three million friends—know the "satisfying" goodness of Chesterfield's expert blend of fine Turkish and Domestic tobaccos.

These smokers know that such richness of flavor, such mellowness of taste, can only come from the choicest tobaccos, bought and blended by experts.

And they know that the Chesterfield blend is an exclusive blend, that it cannot be copied or even closely imitated. They know that only Chesterfields can "satisfy."

certain hopes that eventually the Chinese brush, ink block and ink tablet will have to go to give place to more modern methods of communicating ideas.

Their purpose is not only to simplify China's handwriting system but to replace the present-day label which renders even the native who is away from his own home district almost as helpless as a foreigner.

The system of phonetic script now urged upon the Chinese was worked out in England in 1893 by Wang Chao. Beside its 39 characters, it contains 10 numerals. There are no capitals.

Rev. E. G. Tewksbury, of Shanghai, secretary of the China Sunday School Union, and a member of the Phonetic Committee, who has devoted 39 years to teaching in China, has put the new script into use on American typewriters with complete success. For this purpose typewriters with blank type faces are obtained from the factories and the characters are cut from these faces here by Chinese engravers.

That the Peking government attaches importance to the effort being made is seen in the following excerpt from a recent mandate issued by the Ministry of Education: "We recognize that because of the difference between our classical and spoken language, education in the

Radiators	2	3	.400
Ploymakers	4	2	.667
Pillrollers	3	4	.428
Skyplots	2	5	.285

The games in the volley ball match last evening were as usual hot and heavy and as the Skyplots seemed to have gotten rid of the jinx that has been following them all thru the tournament the wind up of the last game was sure worth seeing—and hearing. The Ploymakers started the ball rolling by taking the first game 15-9, and the Skyplots did some real clever playing. The second game saw the Skyplots warmed up and going with the Ploymakers but a trifle behind them. The game ended 15-7 and the battle for the third and final game was on. Although the score was not very close there was enough good playing, cheering, arguing and scrapping to keep the interest at white heat during the entire game. The Skyplots took the game, 15-7.

FLOWMAKERS—Leland, captain; Potter, Clendon, DerKinderen, Vezina, Lennon, Kent.

SKYPILOTS—Babin, captain; Tidball, Raymond, Forsythe, Miller, Suterlin.

Referee, Blank, Scorer, Kuhn. The next game will be played Tuesday evening when the Ploymakers take on the Radiators in what is expected to be the best game of the season.

FOR GYM EXHIBITION.

Plans have been completed for a gymnastic exhibition to be given by the Boys' gym classes at the "Y" on Wednesday evening, April 14th, at 8:15. The boys have been working on their parts for about a week and while the time is short they will have their stunts all ready by the time the big show comes off. The exhibition is given for the parents and friends of the boys or anyone interested in the work they are doing. There will be no admission charged but as there is a limited amount of seating room those who wish seats should come early.

The program which is subject to change is as follows:

Drill and Marching—Junior Gym Classes.
Apparatus Work—Intermediates.
Parallel Bars—Physical Director.
Tumbling—Juniors and Intermediates.
Pyramids—Junior and Intermediates.

Returned Exiles
Get Hot Reception

London, April 9.—Large numbers of German and other underlings who were deported from England in the war have managed to make their way back to London but have encountered warm receptions when their identity has been discovered. They managed to cross from the continent by working their way as sailors on tramp steamers to northern English and Scottish ports.

These Germans who have come back to England to take up business again find it a hard row to hoe, says the Evening Standard. One German business man gave it up and returned to his fatherland after being refused admission to five London hotels. He found rooms in a Bloomsbury boarding house but two days later the other boarders discovered him, and notified the manager they could not live under the same roof with a German; and he was turned out.

A German butcher in a London suburb was prevented by the neighbor from re-opening his old store the other day although he had lived in England for 40 years, and there are many similar cases.

Neither captain now crew of the steamer, Spica, the first German cargo ship to enter the Port of North since August, 1914, were allowed ashore at Methill and, in deference to local feeling, the vessel did not display the German flag.

On the other hand, a revival of "Tannhauser" at Covent Garden Opera recently drew a crowded and appreciative audience of society people. The cast, however, was wholly English.

LEE CENTER.

Mrs. Sherman L. Shaw, who has been visiting in Milledgeville, returned home last Saturday.

Mrs. A. E. Weisman is quite sick at this writing and is under the care of Dr. Dornblazer.

W. G. Wheeler, of Freeport, was transacting business in Lee Center on Monday.

Miss Helen Carlson, of Chicago, is visiting at the home of A. J. Carlson in Lee Center.

George Shaw visited in Lee Center Monday.

George Glee moved his household goods to Franklin Grove Monday where he will make his future residence. Mr. Glee has faithfully tended

our telephone central for several years and everyone will miss him.

The ladies of Shaws, Ill., served an election dinner in Shaws on Tuesday. A large crowd attended the township election. The following people were elected:

Roy W. Gooch, supervisor.
C. L. Rockwood, town clerk.
Frank H. Dehotal, assessor.
Hiel Brunson, highway commissioner.

Perry R. DePew, justice of peace.
M. G. Briggs, constable.
Frank Ford, trustee of schools.
A. P. Jeanblanc made a business trip to Chicago last Thursday.

Mrs. Mary Riley, of Lee Center, who has been visiting at the home of her son in Scarborough, was taken sick while there but is now recovering.

Charles Frost has resigned from the office of postmaster and Walter Taylor is taking his place.

A minstrel show will be held at the Woodman hall in Lee Center on April 14th.

Mr. and Mrs. Bowden Jesse are the proud parents of a baby girl born last Friday.

Born to Mr. and Mrs. Warren Holley, a son, on April 3rd.

GETS HIMSELF IN BAD

Elaborate Fete to
Open Olympic Games

By Associated Press Leased Wire
Antwerp, April 9.—Elaborate ceremonies will mark the formal opening of the Olympic games here next August, according to the plans of the Belgian Olympic committee. The date for the inauguration has been set for Saturday, Aug. 14 and the event will be followed by more than two weeks

of continuous competition in which the leading athletes of close to thirty nations are expected to participate.

The ceremonies will be much the same as those which marked the beginning of the Olympic games at Stockholm in 1912.

King Albert and Prince Leopold of Belgium will also attend the contests regularly, both in the main stadium and those adjacent which will be devoted to special competition, such as swimming and bicycle races.

which held 6,000 people spell-bound

—we will show you an exact duplicate of the instrument which triumphed in the daring test at Albany

We'll guarantee that it is identical in every detail with the instrument used at Albany and that it will sustain precisely the same tests.

6,000 people

heard the famous test at Albany. It was an audience critical and cultured,—all teachers, principals and superintendents of New York State's public schools.

Mario Laurenti, world-famed baritone of the Metropolitan Opera Company, made the test. He stood beside the stately New Edison. His voice filled the auditorium.

The audience completely sur-

rendered itself to the great baritone's artistry. Suddenly, there was a stir—a perplexed rubbing of the eyes.

Laurenti's voice

undiminished in quality and beauty, continued to reach every quarter of the vast auditorium,—but his lips had ceased to move.

The New Edison by his side had taken up the song and was matching his voice so perfectly that the human ear could not tell when Laurenti had ceased to sing.

Did you ever hear of anything like it? Did

you ever hope to own a phonograph so marvelous? Think this entire scene over—the daring test—the amazing result.

It was the proof of the truth about the New Edison. It dumbfounded 6,000 teachers. It will surprise you.

Come in and hear an exact duplicate of the instrument used at Albany—test its realism in our store. We guarantee it to do all that was done at Albany.

The Means to buy

your New Edison is provided by the Budget Plan. Ask about it.

RAIL STRIKE SPREADS THROUGHOUT COUNTRY

(Continued from Page 1.)

By Associated Press Leased Wire
Chicago, April 9.—Continued spread of the insurrection of switchmen and engineers on railroads throughout the country was indicated by reports today showing that more than 20,000 men had joined the walkouts. Eight thousand insurgents were out in the Chicago district, where the strike had its inception nine days ago, and reports from a score of cities from coast to coast in which walkouts have occurred, predicted additions to the strikers' ranks during the day.

Railroad brotherhood officials who have denounced the new "rump" unions and appealed to loyal union men to assist in breaking the strikes, declared, however, the walkout in the Chicago district had reached its maximum and despite the spread of the "strike fever" to other cities insisted the movement merely was running its natural course. They predicted the Chicago strike would be broken within 48 hours and said with its abatement the strikes in other parts of the country would end.

50 Per Cent Freight Traffic.
Chairmen of the Brotherhoods announced there had been an improvement in the Chicago district and that the men were slowly returning to work. They asserted that freight traffic was 50 per cent normal.

Leaders of the revolting yardmen's union, however, declared the strike was growing and that the men would continue to remain out of the parent unions.

Notices were sent out by Chairmen of the Brotherhood of Railroad Trainmen to all strikers reiterating their demand that the men return to work and threatening them with expulsion from the union.

One thousand brotherhood men from other cities had answered the call for strike breakers here, officials said.

No Shortage of Meat.
Although it was estimated that between 40,000 and 50,000 packing house and stockyard workers had been thrown out of employment today as the result of stoppage of cattle shipments, packers announced that no shortage of meat need be feared.

Nearly 4,000 employees of 23 railroads entering Toledo, including switchmen, engineers and firemen, were reported idle today.

In the St. Louis district including East St. Louis and Madison, Ill., freight traffic was reported virtually at a standstill with yardmen of 27 roads on strike.

All railroads in Kansas City, Mo., operating under contracts with the Brotherhood of Railway Trainmen were affected and the strike had spread today to Kansas City, Kas., and Rosedale, an industrial suburb.

Embargo On Shipments.
Points throughout the southwest reported embargoes had been placed on freight and cattle shipments to St. Louis, Kansas City and Chicago and freight traffic between New Orleans and Chicago on all lines was suspended.

Rail centers throughout California felt the freight restrictions and eastward along the trans-continental lines several terminals reported strikes.

Spreads In West.
Starting at Los Angeles where approximately 1,400 yardmen walked out yesterday the strike spread to yards in San Francisco and Oakland and other California cities. The southern

Pacific estimated that 1,800 men were on strike on lines in its division.

Unionized railroad workers at Louisville, Ky., voted almost unanimously against striking in sympathy with Chicago "insurgents" brotherhood officials reported.

Attempts to form rump unions in several other cities were in progress today and votes were expected to be taken.

A summary of conditions throughout the country reported early today follows:

CHICAGO—8,000 men on strike; freight traffic estimated 50 per cent of normal.

TOLEDO—4,000 employees of 23 roads idle.

ST. LOUIS DISTRICT—2,000 men out; freight traffic virtually tied up.

BUFFALO—2,000 men idle.

JERSEY CITY—2,000 yardmen and other workers out.

LOS ANGELES—1,400 on strike.

DETROIT—1,200 to 1,400 idle.

SAN FRANCISCO—434 men out.

KANSAS CITY—400 men on strike.

GARY, IND.—350 idle.

SYRACUSE—450.

SAGINAW, MICH.—200 men, Pere Marquette out.

SALT LAKE—215 men on strike.

OGDEN—150 switchmen on strike.

DECATUR, ILL.—107 men striking.

JOLIET, ILL.—50 out on 4 roads.

SCRANTON—50 men idle.

SPRINGFIELD, ILL.—Baltimore and Ohio switchmen on strike.

NIAGARA FALLS—Two roads affected and traffic detoured.

ALBERT B. STEINER, of St. Paul, Minn., who declares he is now able to do twice the work he could before taking Tanlac and that his sister has gained sixteen pounds.

"Talking about things that help people, I just received a letter from my sister in Waterloo, Iowa, telling me she has gained sixteen pounds in weight by taking Tanlac," said A. B. Steiner, 460 East Page street, St. Paul, Minn., recently.

"My sister was on a visit to me a short while ago, and as she was suffering from stomach trouble some one advised her to try Tanlac, which she did, and as I saw the great benefit she was getting from it I decided to try it myself, for I had been troubled with my stomach for the past two years. I had a very poor appetite and the little I did manage to eat seemed to lodge right in the pit of my stomach and sour. I would bloat terribly after eating and have the worst sort of cramping pains in my stomach, and at times I had such bad attacks of heartburn I would nearly go wild. My back gave me a lot of trouble, and I had such intense pains in the small of my back I could hardly bend over. To add to my other troubles, about two months ago I began to suffer with rheumatism in my shoulder blades and arms, which got so bad I could hardly do my work and could not even put on my coat without assistance. I was so nervous I could get but little sleep and would roll and toss from one side of the bed to the other all night long, and would get up in the morning all tired out. I was so badly run down and had lost so much weight I was so weak I could hardly get about at all.

"Well, while I have only taken five

bottles of Tanlac in all my improvement is simply remarkable. I have such a good appetite I am hungry all the time, and my stomach is in such a splendid condition I can eat anything I want without suffering the least bit from it afterward. The pains have all gone out of my back and I never have the least sign of the rheumatism. In fact, I never have an ache or pain of any kind. I sleep as sound as a log every night and have gained in weight and strength until I can do twice as much work as I could before I began taking Tanlac. Yes, sir, I can recommend Tanlac after what it has done for me, and I know it will do the same for others if they will only give it a fair trial."

Tanlac is sold in Dixon by the Public Drug & Book Co. and by the leading druggists in every town.

Perfection and Helena in Register of Merit

THIS pure bred Jersey owned by Albert H. Whitehead gave 202 pounds of fat in the Register of Merit test the first four months using the Perfection Milker. Mr. Whitehead says: "My cows are all in the Register of Merit and are now doing better milked with the Perfection than when milked by hand. The longer I use it, the better I like it. It enables me to milk the cows in half the time required by hand and the cows seem to enjoy the action and stand better than when hand milked. The downward squeeze and adjustments put the Perfection in a class by itself."

What Mr. Whitehead says about the Perfection is the true experience of many Perfection owners. Because the Perfection milks like the calf with a gentle suction followed by a downward squeeze. Dairymen like it and the cows like it.

Perfection Brings Comfort Into Dairy and Home

Not only will your cows be more satisfied with the Perfection, but you can get in to supper on time,—your wife won't have to neglect her other work to help you finish up the milking; the children won't look forward to milking as a drudgery, but rather as a pleasure.

See Us About A Demonstration

Stop in at one of your neighbor's some night around milking time and watch the Perfection do its work, then come in and see us and we will be more than glad to explain the Perfection in detail and show how you can own one immediately. We are exclusive agents for this territory.

WILSON SAYS NAVY WAS IN FINE FETTER

Admiral Denies Testimony That It Was Unprepared.

By Associated Press Leased Wire. Washington, April 8.—The vessels on the active list of the navy were never better prepared for war than when the United States joined the allies and the navy department had "full and complete plans to combat a German offensive against the coasts of the United States," Admiral H. P. Wilson today told the senate committee investigating the navy department's conduct of the world war. Replying to criticisms in the letter from Rear Admiral Sims to Secretary

Daniels that caused the investigation, Admiral Wilson asserted that from the moment war was declared the entire navy entered into the prosecution of the war with the greatest energy and its accomplishments deserve the commendation of the nation.

Admiral Wilson, now commander in chief of the Atlantic fleet commanded the patrol force that first protected waters adjacent to the United States and later based on Brest, France, co-operated in protecting allied convoys in the war zone and hunting U-boats.

Held Conference Soon. Within four days after this coun-

try entered the war, representatives of the allied admiralies were in conference with Secretary Daniels and naval officers in Washington outlining the means by which the most effective assistance could be rendered by this country, the witness declared.

So far as known, Admiral Wilson said, every suggestion or proposition put forward by the allied officials was promptly agreed to and efficiently carried out. The fact that the greater part of the American army was transported over 3000 miles of water without a life being lost through efforts of the enemy testified to the suc-

cess of this co-operation, the admiral asserted.

Mistaken the navy made during the war were so "relatively unimportant" that they were hardly worth considering in comparison with its achievements, the witness said.

Were Well Prepared. "No nation upon the approach of a war has had the force of battle ships more nearly prepared for battle than was the force to which I was attached and which spent the winter of 1916-1917 in southern waters" Admiral Wilson testified. "I feel sure that if this force had engaged an enemy

on its cruise north in the spring of 1917, the victory would have been ours."

Morale in the service was high at that time, the officer said, and the active fleet prepared for any emergency.

ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger packages.

Aspirin is trade mark of Bayer Manufacture Monaceticacidester of Salicylicacid

THE WOMAN WHO LOVED--AND EARNED

TELLING ROBERT. CHAPTER 107.

As was always the case, Mary spoke first.

"I think it is great, Gerry. You can have all my hats to trim and make. If I sold hats for a thousand years, I couldn't trim one."

"That's because you never learned the trade as I did."

"I don't believe Robert will object," she went on. "I don't see how he can. You are doing nothing that will make him wait for his meals, or keep you out when he is at home—only, Gerry, don't take too many customers."

"No danger of that! I may have trouble finding any."

"Nonsense," Betty exclaimed. "Here's one right here. My hats sell out suit me because I don't feel we can afford the smart shop prices."

"Here's another," Jane declared. "I would rather have a hat you fixed for me than any I could buy, no matter how smart the shop. You have a knack of making a hat suit a person."

"That's long practice, Jane."

"No such thing. Its being an artist. She's just what Carson said, 'An artist in Hats.'" Mary flattered.

"You are going to prove that a woman can make a home and also be a business woman, aren't you, Gerry?" Jane spoke very soberly. "I have always thought it could be done if only we could work out a way. I have never known anyone who did it. I shall watch you very closely—perhaps—oh, I don't know, girls—but I have sometimes felt just as Gerry does, that my time was spent so idly, when I might be doing something. Carson is so opposed to it. I have never seriously considered it, however."

"And he was the one who started Gerry off," Mary laughingly declared.

"Well, girls, so you approve?" I asked after a little more discussion.

"We sure do!" It was Mary speaking. "The other girls emphatically assured me they too believed I could manage to make it a success."

They insisted upon helping me with the dishes, which I had left on the table while we talked, then left me, full of happy thoughts about my plans yet in a way dreading to broach the subject to Robert. But he himself made it easy for me.

"I walked up with Carson," he said, "that's why I am late."

"What did he have to say? Jane was over today. Betty and Mary, too."

"He spoke of you, what exquisite taste you had. I guess I brought it on by blowing about how you had helped me at the store, and telling him of the difference in the windows since you had taken hold of them. We nearly always have a lot of people admiring them, and it brings a good many inside to buy."

"What else did he say?" I was wondering if I had better wait until after dinner, or tell him while we were eating.

"Oh, he praised the way you planned Mary's wedding present and fixed Jane's hat. I shan't tell you any more, you'll be too puffed up if I do."

"Robert, I have a plan. That's why the girls were here today—to talk it over. I knew if they all approved, it must be a good one, at least a feasible one. It was Carson who put it into my head."

"Spring it."

I left the table, and brought him one of the cards I had designed. I laid it by his plate, then resumed my seat. I wanted to watch his face when he talked.

"Madame Geraldine!" he read out loud, then looked at me in a puzzled and an anxious manner. "You mean—"

"Go on, read the rest."

SALTS IN HOT WATER

CLEAR PIMPLY SKIN

Says we must make kidneys clean the blood and pimples disappear.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

Locomotive Running 40 Miles Per Hour 'Tho Standing Still

Did you ever see a locomotive run forty miles an hour and yet stand still?

There is a purpose behind the performance of this somewhat unusual feat which is almost a daily occurrence in the locomotive laboratory of the University of Illinois. Test "runs," hundreds of which have already been made, have developed facts concerning the motive power of railroad systems which already mean better service, greater economy, and more efficient results in railroad operation. The public, as well as the roads, is profiting.

Particularly important are the contributions made regarding fuel economy in locomotives. Results achieved were used extensively by the Railroad Administration during the war, and will continue to be used by the private owners of the roads. Along the same line are notable contributions dealing with the tractive resistance of freight and passenger trains which are employed by many railroads as a basis for making up tonnage ratings in the make-up of trains and for the maintenance of proper train schedules.

The locomotive laboratory of the university is said to excel any other in the country. It not only has all the features of any other but also has a cinder catcher which collects all cinders passing out of the smoke stack. So even the waste occurring because of cinders has been determined.

Locomotives are mounted on pairs of supporting wheels which are adjusted to the drive wheels of the engine. Thus the driver wheels rotate in natural fashion and the engine runs in just the same manner as on a road bed. Every ounce of coal and water going into a locomotive on a test "run" is weighed and all results are minutely checked.
